Re: Recovery of Costs and Incentives for Demand-Side Management and Energy Efficiency Programs
SCPSC Docket No. 2014 - ____-E

Dear Mrs. Boyd:

Duke Energy Progress, Inc. ("DEP") hereby submits this application for Recovery of Costs and Incentives for Demand-Side Management and Energy Efficiency Programs, Rider DSM/EE-6. The application includes the testimony and exhibits of Robert P. Evans which describe, among other things, the projected program costs and expenses during the rate period and test period, a detailed explanation of the calculation of the program performance incentives, the revenue requirement, and the requested rates for each class of customer. DEP still needs to provide to the Commission and ORS certain work papers and program details and plans to do so by the end of this week. DEP seeks Commission approval of Rider DSM/EE-6 for bills rendered on or after July 1, 2014.

Please feel free to contact me should there be any questions.

Sincerely,

Timika Shafeek-Horton
Deputy General Counsel
